Objective of DIT (Directorate of Industrial Training)

Education and skill Development is in the concurrent list in the constitution of India. For imparting Industrial Training to the young population both the government (central and state) promotes establishment of ITI throughout the nation.

Directorate of Industrial Training, west Bengal under Technical education & Training department is responsible for the assist relating to ITI. Presently there are about 14000 ITIs in the country out of which nearly 2000 ITIs are established by the respective state government. Whereas rest 12000 ITIs are operated by the private provider.

Directorate of Industrial Training, west Bengal in its Endeavour to expand the ostrich of ITIs as initiated action to set up ITIs in PPP mode.

Directorate of Industrial Training, Government of West Bengal, imparts Technical Education & Training to a substantial number of prospective and existing technicians and craftsmen in different disciplines for the existing as well as emerging industrial and non-industrial sectors of the state. This training is offered to the trainees through state ITIs (Industrial Training Institutes) under the Craftsmen Training Scheme (CTS) and they are assessed and certified by the NCVT. The DIT, WB also supervises impartation of training in different modules under the Skill Development Initiative Scheme (SDIS) of Government of India or similar schemes run by the State Government at Vocational Training Centers.

DIT, WB will complete the construction of the new ITIs and provide the buildings of these ITIs to the PTPs to operate and function as per the agreement. No site visit shall be organized by DIT, WB for the ITIs. However, layout maps of the individual ITIs shall be available on demand.

80% of students / trainees will be enrolled through Common Entrance Test conducted by the DIT, WB or any other method that the DIT, WB may notify and only qualified students would be enrolled. The reservation norms and prevailing policies of DIT, WB, shall be followed and applied for admission/ enrolment of such students. The rest 20% would be admitted through the IMC quota in the method to be specified by the DIT, WB.

The DIT, WB would provide grant to the PTPs for the 80% of the students admitted through the regular admission process.

The PTPs would not be allowed to charge any other fee apart from the applicable tuition fees and the AITT examination fees from the students.

KHATRA GOVERNMENT ITI is one of such PPP ITI. Directorate of Industrial Training, west Bengal has identified SWADHIN Trust as a PTP, through a transparent process of RFP to operate at Khatra Government ITI in PPP mode.

The responsibility of central government includes the norms and standards, development of curricula, development of Learning resources, arranging trainers training, affiliations, conducting examination, and awarding national level certification through NCVT (National Council for Vocational Training).

Responsibility of state government day to day operation of it is.

Skill India
कौशल भारत - कुशल भारत

Concept of ITI

Industrial Training Institutes play a vital role in economy of the country especially in terms of providing skilled manpower. At present there are a total of 11,964 (Govt. 2284 + Pvt. 9680) numbers of ITIs in all States/UTs. Training is imparted in 126 trades (73 Engineering+ 48 Non- Engineering +05 exclusively for visually impaired) of duration 1-2 years.

Industrial Training Institutes provide training in technical field and constituted under Directorate General of Employment & Training (DGET), Ministry of Labour & Employment, and Union Government of India. Industrial Training Institutes (ITIs) are government-run training organizations

Normally a person who has passed 10 standards is eligible for admission to ITI. The objective of opening of ITI is providing technical manpower to industries. These persons are trained in basic skills required to do jobs of say operator or a craftsman.

The course in ITI is designed in way to impart basic skill in the trade specified. The duration of course may vary from one year to three years depending upon trade opted.

After completion of desired period of training the person is eligible to appear in the AITT (All India Trade Test) conducted by NCVT (National Council for Vocational training).

After successfully passing AITT, the person is awarded NATIONAL TRADE CERTIFICATE (NTC) in concerning trade by NCVT.

After passing ITI course a person may opt to undergo practical training in his trade in an industry for a year or two. Again the person has to appear & pass in a test to be conducted by NCVT to get the NATIONAL APPRENTICESHIP CERTIFICATE. There are both government funded and private (self-financing) ITIs in India.

Industrial Training Institute

National Policy of Skill Development,

AIMS AND OBJECTIVES

National Skill Development Initiative will empower all individuals through improved skills, knowledge, nationally and internationally recognized qualifications to gain access to decent employment and ensure India's competitiveness in the global market.

Aims:

The aim of skill development in the country is to support achieving rapid and inclusive, growth through:

- a) **Enhancing individuals' employability** (wage/ self employment) and ability to adapt to changing technologies and labour market demands.
- b) Improving productivity and living standards of the people.
- c) Strengthening competitiveness of the country.
- d) Attracting investment in skill development.

Objectives of National Policy on Skill Development: The objectives of the national policy on skill development are to:

- a) Create opportunities for all to acquire skills throughout life, and especially for youth, women and disadvantaged groups.
- b) Promote commitment by all stakeholders to own skill development initiatives.
- c) Develop a high-quality skilled workforce/entrepreneur** relevant to current and emerging employment market needs.
- d) Enable the establishment of flexible delivery mechanisms that respond to the characteristics of a wide range of needs of stakeholders.
- e) Enable effective coordination between different ministries, the Centre and the States and public and private providers

National Policy on Skill Development and Entrepreneurship 2015

Vision: To create an ecosystem of empowerment by Skilling on a large Scale at Speed with high Standards and to promote a culture of innovation based entrepreneurship which can generate wealth and employment so as to ensure Sustainable livelihoods for all citizens in the country.

Mission: The mission is to Create a demand for skilling across the country; Correct and align skilling with required competencies; Connect the supply of skilled human resources with sartorial demands; Certify and assess in alignment with global and national standards; and Catalyse an ecosystem wherein productive and innovative entrepreneurship germinates, sustains.

The objective of the National Policy on Skill Development and Entrepreneurship, 2015 will be to meet the challenge of skilling at scale with speed and standard (quality). It will aim to provide an umbrella framework to all skilling activities being carried out within the country, to align them to common standards and link the skilling with demand centres. In addition to laying down the objectives and expected outcomes, the effort will also be to identify the various institutional frameworks which can act as the vehicle to reach the expected outcomes. The national policy will also provide clarity and coherence on how skill development efforts across the country can be aligned within the existing institutional arrangements. This policy will link skills development to improved employability and productivity.

Role of SWADHIN (PPP model)

Public Private Partnership (PPP) envisaged in the form of active participation of the industry / Private Sector in every stage of design and implementation of the scheme. Industry bodies are represented in the Central Apex Committee and State Committees which would have overall responsibility of implementation of the scheme. Other areas of partnership are:

- Forecasting of emerging areas of employment at micro level.
- Development of course curricula of various trades.
- Development of instructional material for training.
- Assist in the training of trainers, wherever required.
- Making available their training & testing facilities, wherever required.
- Provide on the job training in their establishments.
- Development of assessment standards.
- Monitoring and Quality assurance.
- Assistance in placement of graduates.
- Provide trade experts to work as assessors of competencies.
- Voluntary institution. Donation of equipment to the ITIs/other training
- Providing guest faculty in new trades.

What SWADHIN Stand for:

Swadhin is a duly registered Trust.

Which works for welfare and removes rust.

Amid hopelessness. It brightens youthful zeal.

Does never indulge in any woe and evil.

Herein freedom is enshrined at every turn.

Innovation is appraised to let fire inside burn.

Nothing is dearer than its Endeavour's assuring happy return.

The acrostic above unfolds what SWADHIN upholds above everything. The uplift and wellbeing of humankind at any level is SWADHIN's long cherished commitment. Indeed SWADHIN is fundamentally an institution of the youth, by the youth and for the youth. Even with limitations, SWADHIN strives on and ahead. The trust runs with the inspiring words of Swami Vivekananda that: "It is the strong mind that hews its way through a thousand difficulties."

Social Activities of SWADHIN

TREE PLANTATION PROGRAMME: -

Massive Tree Planation Programme: During COVID 19 lock down period All Institutes under Swadhin Trust organized a massive tree plantation drive within all campuses including Swadhin Head Office and all ITI campuses by planting 10,000

samplings like corn maze, neem and various herbal medicinal plants. Around 300 members of Swadhin Trust have planted samplings in and off campus to celebrate Earth Day and Climate Change Programme.

BLOOD DONATION CAMP: -

"Swatirtha Charitable Trust" Organized Blood Donation Camp at NS Knowledge Camp "SWADHIN" Organize Blood Donation Camp in cooperation with Sian Sub Divisional Hospital in every year on the Teacher's Day i.e. on 5th September at "SWADHIN" Educational

A Unit of SWADHIN

ITI (Industrial Training Institute): Future Scope, Careers

ITI stands for Industrial Training Institute. ITIs offer training in various trades. ITI trades and courses focus on skill development in students. They churn out skilled professionals each year and thus develop the skilled work force in India!

This is the age of knowledge and skill development. Whatever the course may be, if it imparts useful skills and knowledge to students, it is well worth pursuing the course.

Skill India initiative highlights the importance of possessing marketable skills. The Government wants to develop a skilled work force in India. It makes sense too. Skills will help people get employment. It will also help them become self employed.

Candidates after completing ITI have both academic and job oriented prospects to continue with. Aspirants who have passed ITI can go for specialized short term courses in Advanced Training Institute (ATI) or for courses that are exclusively for the candidates who want a job at foreign location, aspirants can also apply for higher studies like Diploma in Engineering.

As there is abundance of job opportunities in the private and public sectors for both engineering (Surveyor, Turner, Hardware fitter, Mechanics, etc.) and non-engineering trades (Craftsman, Fashion technology, Horticulture, Insurance Agent, etc.). Central/State Government organizations like Indian Army, Navy, and Air force provide opportunities for ITI passed candidates of different trades. Also candidates have ample opportunities in private sector as well. Also ITI qualified people can set their own business like can open winding shops, can start motor garage or repairing workshops, can operate generators etc. Skilled workers also have bright opportunities in foreign countries.

The Profile of Khatra Government ITI

Khatra Govt. ITI was founded in 2016, is located at semi rural area near Mukutmanipur with high skilled faculties and enthusiastic students. The students are highly motivated to learn the cutting edge technology for the overall socio-economic development.

The environment provided to the students is not only for their technical advancements but also nurturing their mental growth to understand the practical scenario of current job market and equip themselves according to that.

Khatra Govt. ITI is solely operated by SWADHIN (Society for Welfare & Development of Human Initiatives) under PPP mode.

This technical institute is not only free from pollution & any kind of violence but also natural beauty surrounded this ITI helps all the students to develop a decent personality.

Any casual visitor is also treated like most respected person of ITI family because we believe in making a better future for entire society.

President Message

We, a group same aspiring hearts are strongly united toward human welfare through diversified approaches of social development. We shared our dreams, visions based on innovative thoughts, planning & also dared to materialize it. It's our realization that life oriented education may be one of the effective ways

For mankind. As a result within a short span a time. We are now capable enough to manage a no. of Educational institute that provide various technical & professional course under register charitable societies & trust. Name and style, location, management may, very but our motto is same and similar as we believe humanity and there are whole hearted effort for strengthening our team work for establishment and running of a no. of Education Institute not only in west Bengal, but also all over India.

Now, our existence is the seemed to be nuclear family having the promising attitude towards recognition to deserving success of our endeavours. We have satisfied enough to have a heavenly pleasure for doing something for mankind through our un-interrupted success. We are also thrilled

And overwhelmed to have heartfelt co-operations form the teachers, staffs and students. At present, they take part for the betterment of our establishments and help us for further progress in all respect. We are not only engaged in providing Technical and Professional Education but also working as PLA s in different GOVT. schemes for skill development, managing GOVT.ITIs in PPP mode, training programmers under NSDC , DDUGKY , PMKVY etc. All these initiatives are extremely dedicated to maximum no. of common people for better existence of all concerned. In spite having personal lives, family obligations privacies etc. We work as full timers for the benefit of these establishments. It may be our dreams that the relationship among us must be continued till death and so we may adopt some planning for future. We think relationship exists among the relatives only who live around us, share with us and help us when needed. Our lives may be dedicated and sacrificed for social welfare that touches every heart of the society. Time passes and it the time for planning to do something where we will live in the older days with happiness, pleasure till the last breath bearing a true relationship and it well inspire the next generation also.

Let us do something for a strong bonding with the community around as, so that we can live together, work together for mankind till the last day of our lives – this is the expectation that whisper in mind & inspires us to go forward always.

I proudly welcome MR. Kundan Kumar, the principal who charge recently. So far I know, he deserve some special competencies in the field of skill developments along with his academic excellence and We are hopeful to have better output under his responsible guidance.

With Regards,

Shri Malay Pit

President

President@santiniketanploytechnic.org

Principal Message

On behalf of the Khatra Govt. ITI , I am delighted to welcome you to our Institute. Our commitment is to endow the students with innovative, in-depth and high level learning, develop their moral values, and empower them with skills and attributes of an ingenious problem solver and critical thinker. We prepare our students to confidently face the challenges of the highly competitive world and career progression, and also nurture them to become responsible human beings who are able to effectively deliver the needs of a developing nation. The institute has a highly qualified, committed and talented teaching faculty who facilitate the students to keep abreast with academic challenges and developments. Our teaching-learning methods encourage inter-disciplinary approaches through innovation projects, conferences, seminars, talks and workshops. Experiential learning techniques are used for an effective implementation of the curriculum. The institute has institutionalized ways to encourage students' involvement in social movements/activities by constituting various centers and societies that promote social and citizenship roles. These centers and societies have brought recognition to the institute by winning accolades nationally. The institute strongly believes that co-curricular activities complement academics for shaping a well-rounded personality of the students. The institute Placement Cell enhances the social and economic relevance of the courses that the institute offers. Over the years, there has been an impressive recruitment of the students in various industrial sectors through the efforts of the Placement Cell. Khatra Govt. ITI ensures friendly, supportive and safe environment through various measures that make the Campus a zero-tolerance-campus for ragging, harassment and smoking. The institute has also initiated many steps for the benefit and support of differently-abled students. I once again welcome you to the Khatra Govt. ITI family. I hope you spend the most amazing and memorable years of your life in our institute making bonds that will last a lifetime.

All the Best!

Mr. Siraj Ali
KhanPrincipal

Teacher In-Charge Message

It gives me immense pleasure to speak few words about Khatra Govt. ITI from this platform.

It is not unbeknownst to us that education is the backbone of the society. A society without education is like a stagnant lagoon which has descended into the darkness of ignorance and superstition. Nelson Mandela rightly said "Education is the most powerful weapon which you can use to change the world. It is the only medium through which we dispel this curse of ignorance and to precipitate the wheel of civilization. Keeping in mind this higher mission and vision, Khatra Govt. ITI took a small step in 2016 spread the light of education in the downtrodden section of the society and after encountering so many hindrances and ups and downs. I take pride to inform that due strenuous efforts and hardships of Governing Body the Institute now owns its own building with the facilities of virtual classroom equipped with modern computer technology, a modest library and sports-ground, enough teaching and non-teaching staff and classrooms. Our sincere attention to and care of the students has rendered us gratifying results in the previous examinations. In the current academic session, we are trying to offer honours in more subjects as well. Moreover, I take this opportunity to extend thanks and congratulate the Governing Body, the Teaching Staff and Non-teaching Staff of the college without whose assistance this herculean job was almost impossible.

Best Wishes!

Mr. Niranjana Karmakar
Teacher In- Charge

TPO Message

The Training and Placement cell of Khatra Govt. ITI, Bankura is an integral part of the academics It helps in shaping the careers of our students.

The Training & Placement Cell works diligently to provide a workable environment to the Students that enables them to understand the requirements of corporate & Industrial world. Its aim is to find an appropriate place for students in the corporate.

The Cell continuously explore different areas of opportunities for Placement. The Training & Placement Officer maintains liaison with industries for Summer Placement as well as Final Placement of students.

The soft skill & personality development workshops help students to polish their communication skills, build confidence, to make students industry fit professionals. We organize guest lectures, industrial visits & are always striving to strengthen Industrial Interface.

I express my sincere gratitude to all the organizations that have extended their active co-operation to the T & P Cell in accomplishing its Endeavour successfully. I feel privileged to present our students to your esteemed organizations.

I look forward to your cooperation in the placements of our students.

All the Best!

Mr. Radharaman De Modak
Training & Placement Officer

COURSES OFFERED AT KHATRA GOVERNMENT ITI

SURVEYOR

ΣΟΚΛΕΥΟΣ

Duration of Craftsmen Training: 2 Years

Entry Qualification: Passed 10th Class under 10+2 system. **Job Role/Opportunities:**

- To conduct survey of any type of land using chain, compass, cross staff, plane table, level, theodolite and other survey instruments.
- To perform construction survey using modern survey instruments.

COURSES OFFERED AT KHATRA GOVERNMENT ITI

ELECTRICIAN

ELECTRICIAN

Duration of Craftsmen Training: 2 Years.

Entry Qualification: Passed 10th class examination under 10+2 System of education with Science and Mathematics or its equivalent.

Job Role/Opportunities:

- All state Electricity Boards and departments, Public sectors, MNC, Private and Govt. Industries, License Certificate for self-employment
- Wiring Contractors, Huge job opportunities in power generation, transmission, distribution station, huge abroad job opportunities.

COURSES OFFERED AT KHATRA GOVERNMENT ITI

FITTER

FITTER

Duration of Craftsmen Training: Two years.

Entry Qualification: Passed 10th Class with Science and Mathematics under 10+2 system of Education or its equivalent.

Job Role/Opportunities: On successful completion of this course, the candidates shall be gainfully employed in the following industries:

1. Production & Manufacturing industries.
2. Structural Fabrication like bridges, Roof structures, Building & construction.
3. Automobile and allied industries
4. Service industries like road transportation and Railways.

COURSES OFFERED AT KHATRA GOVERNMENT ITI

ELECTRONICS MECHANIC

ELECTRONICS MECHANIC

Duration of Craftsmen Training: 2 Years

Entry Qualification: Passed 10th class examination under 10+2 system of education.

Job Role/Opportunities: After successful completion of this course the trainee shall be able to perform the following skills with proper sequence.

- Identify various active and passive components and their applications.
- Handle different types of Electronic measuring Instruments
- Identify different types of faults in electronics equipment.
- Repair & maintenance computer hardware & networking
- Repair and maintenance of SMPS, UPS, Inverter, solar power system and various analog and digital circuits.
- Repair and maintenance of electronics communication equipment and fiber optics.

Installation of various transducer, sensor.

Repair maintenance & installation of LED/ LCD TV, Cell phone (Mobile).

COURSES OFFERED AT KHATRA GOVERNMENT ITI

PLUMBER

PLUMBER

Duration of Craftsmen Training: 12 months

Entry Qualification: 08th Pass Examination

Job Role/Opportunities: On successful completion of this course, the candidates shall be gain fully employed in the following industries:

- Structural Fabrication like bridges, Roof structures, Building & construction.
- Automobile and allied industries, site construction, ship building and repair.
- In public sector industries like BHEL, BEML, NTPC, etc. and private industries in India & abroad.

COURSES OFFERED AT KHATRA GOVERNMENT ITI

SEWING TECHNOLOGY

SEWING TECHNOLOGY

Duration of Craftsmen Training: 12 months

Entry Qualification: 08th Pass Examination

Job Role/Opportunities: A trainee of the course 'Sewing Technology' constructs Sari Petticoat, Ladies' Top/Short Kurthies, Ladies' Suit, Nightwear (One Piece with Yoke), Nightwear (Two Piece – Night suit), Sari Blouse (Simple Model – Plain), Dress for a Newborn (Jhabla), Dress for a Toddler (Sun Suit), Dress for Kids (Frock), Dress for Kids (Frock), Gent's, Casual Shirt, and Gent's Trousers, according to the sketched designs. The trainee also practices, maintains and troubleshoots basic sewing machines and over-lock machines.

• Personality & Employability Development

It is mandatory for all students in Khatra Government ITI to participate in Personality Development Skill (PDS) programmes with –

- i) Computer Learning.
- ii) Development of Communication Skill in English.
- iii) Development of Reasoning Abilities.
- iv) Scope of Extra Curricular Activities.
- v) Mock Interviews.

• GAMES & SPORTS

Good morning to the Principal sir, teachers and my dear friends. I would like to speech on the sports and games at this occasion. I am very thankful to my class teacher to give me such a great opportunity to speech here and believe in me. My dear friends, both games and sports are very important for all of us because they keep us strong, healthy and fit. It is the area which can give us a change from the same daily life. Everyone like sports because it is the useful means of entertainment as well as way to physical activity. Both are character building in nature and gives huge level body energy and strength.

Different Sub-Committees

- **Academic Council:** To supervise progresses, evaluation and remedial measures of students' education.
- **Disciplinary Cell:** To maintain discipline in the institute.
- **Examination Cell:** To conduct examination properly.
- **Sports and cultural Committee:** To provide special support to the students if required.
- **Training and placement cell:** To provide assistance for future training, securing suitable jobs and necessary advices.
- **Anti-Ragging Cell:** It is framed to prevent the menace of ragging.
- **Grievance Redressal Committee:** A registry is maintained in the office of Khatra Government ITI to receive grievance (if any) from a student on person, for redressal by the grievance redressal committee.

Training & Placement

Training and Placement of the students admitted to Khatra Govt ITI have been considered with great importance and a separate cell with a Training and placement Officer-In-charge has been active mainly in the following fields.

Training:- Training is teaching, or developing in one self or others, any skills and knowledge that relate to specific useful competencies. Training has specific goals of improving one's capability, capacity, productivity and performance. People within many professions and occupations may refer to this sort of training as professional development.

Placement:- The Institution is new from the batch obtaining their course, the training and placement cell has already created a good record in placement. Some reputed companies are came here and hire the students for making their bright future.

In an uninterrupted way, books and journals continue to flow in and enrich the Khatra Government ITI.

CODE OF CONDUCT

- Payment of fees should be made within specified date. A student who fails to clear his/her dues before a semester examination will not be allowed to seat for it.
- Fees are neither refundable nor transferable under any circumstances.
- Candidates must follow the rules and regulations in force from time to time. At least 75% attendance is required for semester Examination.
- Students will have to pay semester fees even in case of discontinuation of the course.
- The institute reserves the right to amend the rules.
